1. Introduction

BMX Club Circuit Zolder & Circuit Zolder are proud to present you, for the 2nd time in their club history, the UEC BMX European League Rounds 1 & 2. After the successful edition in 2011, our enthusiastic club has once again succeeded in bringing the kick-off of the European BMX-season to Belgium.

The club, established in 2008, lies in the centre of the super-competitive race area of Circuit Zolder. The 4 kilometres long track was built in 1963 and celebrated its 50th anniversary last year, in 2013.

Since this date, a wide variety of cars, motorbikes and trucks have raced on the track, from Formula 1 to FIA GT1. And all of this in the backyard of our BMX Club.

Also, lots of cycling events took place on the site of Circuit Zolder, like the UCI Road World Championships in 2002 and the UCI Cyclo cross World Championships in the same year. Did you know that the first race that took place on Circuit Zolder was a cycling race? As of 2008, the BMX Club is part of this story. In the meantime, the club became the biggest in Belgium, with 180 license holders. Also, the Lotto BMX-track is the fixed training facility of the national BMX-team!

2. Big European test on the Worlds Champ Track 2015

Since the obtaining of the organization of the UCI BMX World Championships 2015, we are working very hard to rebuilt our track into a real World's BMX Outdoor-track The Local organisation of the Worlds BMX therefore chose to hand out the building of the track to Pro-Tracks. Unique because the track is being built by one of yours: ex-BMX Pro Rider, Thomas Hamon. Right after his career, he began to pass on his passion for the sport. *"Every BMX Club, big or small, should have its own descent BMX-track, on which they can learn all of the aspects of BMX."* In the meantime, 60 % of the track has already been built.

Alongside the track, we also chose to start building in cooperation with Mathieu Gijbels an 8m high starting hill conform the regulations of the UCI. Also, the 5m high starting hill, with a Bensink starting gate, is finished.

Thus, the UEC BMX European League is the first big test for our renewed BMX-track. This way, Europe's best riders, national coaches and audience get to know the future WC BMX-track 2015.

3. Heusden-Zolder, Belgium

Heusden-Zolder lies in the Flemish province Limburg, only 10min from Hasselt. The municipality counts 31.656 inhabitants and a total surface of 53,23 km². Founded in 1977, through the merging of Heusden & Zolder.

In the '60s the mines had a problem finding workers. To solve this problem foreign workers were motivated to emigrate to this region, to work in these mines. In 1992, the last mine closed its doors. This way, Heusden-Zolder became a municipality with a variety of cultures who live together in harmony. In addition to all this, there is a beautiful nature, beautiful ponds and ancient castles. The waterland "De Wijers", is certainly worth a visit.
